SUMMARY

Full Stack Developer specializing in React, Node.js, Express, and MongoDB, with experience building end-to-end scalable applications. I focus on clean architecture, performance, and delivering user-centric digital solutions.

TECHNICAL SKILLS

- **Frontend:** `Html,Css,TailWind,Javascript,React js,Redux,EJS`
- **Backend:** `Node.js,Express.js`
- **DataBase:** `MongoDB`

EXPERIENCE

Cybersecurity Analyst Virtual Internship │ Forage │ September 2025

- Completed real-world IAM (Identity and Access Management) tasks in a simulated enterprise environment.
- Conducted IAM strategy assessments and recommended access control improvements.
- Developed and documented custom IAM solutions aligned with platform integration requirements.

Software Engineering Virtual Internship (TCS Job Simulation) │ Forage October 2024

- Performed hands-on task simulating security risk in leaked password datasets.
- Analyzed authentication vulnerabilities and recommended mitigation strategies.
- Produced internal documentation outlining technical findings and remediation steps.

PROJECTS

Voting System (React, Vite, Node.js, Express, MongoDB) │ [Link]

- Developed secure multi-user voting workflows with role-based authentication.
- Built REST APIs for candidate management, vote submission, and result tallying.
- Architected MongoDB schema for user, vote, and session data storage.
- Implemented responsive UI and stateful interactions using React.

E-Commerce Website (HTML, CSS, JavaScript) │ [Link]

- Designed product listing, product detail, and cart interaction pages.
- Implemented filtering/sorting logic and interactive UI components.
- Applied responsive styling and cross-browser compatibility best practices.

Modern News Website (HTML, CSS, JavaScript) │ [Link]

- Built a news listing interface with dynamic content rendering.
- Developed category-based navigation and interactive UI behavior in JavaScript.
- Optimized layout responsiveness and visual hierarchy using modular CSS.

Portfolio Website (React.js) │ [Link]

- Built a personal portfolio showcasing projects and skills.
- Integrated reusable components, routing, and responsive UI design.
- Optimized site performance and accessibility for fast loading.

EDUCATION

Bachelor of Technology (B.Tech) in Electronics and Computer Science Engineering │ Mumbai University │ 2022 – Presents.
